Also advocated for resolution of outstanding contracts with immediacy.

April 2nd, Suzanne Polkosnik met with Gene Williams to discuss issue further and to shape the process going forward. 21 chief-chair pairs would be interviewed (four metro boards would be included). Asked that the balance, outside of metro should be an equal representation of the provincial demographic of metro, urban, rural, public, separate, francophone, as well as gender balance. Those not part of this interview process will complete a survey. AB Ed will control the communication on this initiative. Suzanne also advocated for local autonomy, guidelines as opposed to caps and an override mechanism as well as an expeditious resolution of outstanding contracts.

Principles for acceptability include the following:

1: Any model must be voluntary. Opt in to whatever extent deemed appropriate by a board.

- 2: Be creative and forward thinking.
- 3: Focus on system benefits and opportunities.

For now, post-secondary institutions will not be part of this offering. Further input to the proposed model should be forthcoming.

3: Considering the competencies and indicators identified in the new TQS, in what areas are local post-secondary institutions not sufficiently preparing pre-service teachers for their field experiences and for the beginning of their teaching careers? In other words, what changes need to be made to programs to ensure that pre-service teachers are prepared for today's classrooms?

4: Are there competencies or elements of practice that would be best addressed by the co-operating teacher in the field during the field experience practicum, rather than by professors on campus?

- Clear measures of successes and failures must be outlined.
- Collaboration must be multi-faceted and have multiple lenses.
- External factors weigh in. When the project started, oil was at \$140 per barrel. When the project was nearing completion, the price of a barrel was down to \$30.
- Impact on the region / province / country.

I felt bad for Dr. Nagel in that I felt he had a tremendous presentation that would have require 60 to 90 minutes to present it properly but due to time constraints, he had to present it in 20 minutes.

Upcoming Chamber Events:

- Golf Tournament is May 30th
- Farmer's Market Opening Day is June 9th and it runs to October 6th.

Next Business at Lunch is June 13th at the St. Albert Curling Club and the guest speaker is Alanna Hnatiw, Mayor of Sturgeon County. That will be the final Business at Lunch until September.

Board Policy Review

PRESENTER: David Keohane, superintendent of schools

BACKGROUND:

The Board in cooperation with the Superintendent shall review board policies each year in order to determine whether or not the policy is meeting its intended purpose.

Board Policy 9 – Board Representatives was last reviewed in October 2017. This policy is being reviewed due to the addition of the Rural Caucus of Alberta School Boards Committee.

Board Policy 16 – Alternative Programs was reviewed in May 2017. Revisions have been made to be consistent with the expectations of Administrative Procedure 110 (School Councils), Sections 20 and 113 of the School Act, hiring practices within the District as outlined in Administrative Procedure 420 (Staff Recruitment – Certificated) and Administrative Procedure 440 (Staff Recruitment – Support).

Board Policy 18 – Naming of Schools was last reviewed in May 2017. No changes are recommended for this review

RECOMMENDATION:

THAT the Board of Trustees approve the review of Board Policy 9 – Board Representatives and Board Policy 16 – Alternative Programs with the changes as presented and Board Policy 18 – Naming of Schools with no changes.

Memorandum

DATE: May 17, 2018

TO: Board of Trustees

FROM: David Keohane, superintendent of schools

RE: Policy Analysis for May 28, 2018 Meeting

Please find enclosed documentation that recommends further action with respect to policies receiving review at this meeting.

The documentation is intended to support the questions posed within the Board's Policy Review Framework (attached).

Re: Policy 9: Board Representatives

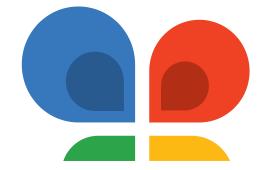

Further to Board resolution, the Rural Caucus of Alberta School Boards (RCASB) has been added as an external organization that the Board will support through membership and trustee representation.

Re: Policy 16: Alternative Programs

Amendments to the policy have been provided to be consistent with the expectations of Administrative Procedure 110 (School Councils), Sections 20 and 113 of the *School Act*, hiring practices within the District as outlined in Administrative Procedure 420 (Staff Recruitment – Certificated) and Administrative Procedure 440 (Staff Recruitment – Support).

The cumulative relationship between these existing statutory and procedural provisions is as follows:

- School Councils have a critical <u>advisory</u> role to the principal or Board with respect to the operations of a school.
- The School Act indicates that the principal <u>evaluates programs</u>, <u>ensures</u> that <u>students</u> <u>meet curricular standards</u> set by the Minister, and <u>evaluates personnel</u> employed at the school level.

6 St. Vital Avenue St. Albert, T: 780.459.7711 Alberta, Canada T8N 1K2 F: 780.458.3213

- The School Act indicates that the superintendent shall <u>carry out the duties assigned to</u> <u>the superintendent</u> by the Board (which includes leadership in all matters relating to education in the district).
- The principal is delegated authority to <u>select</u> and <u>hire</u> non-teaching staff of the school
- The Superintendent or designate is responsible for selecting and deploying teaching staff.

A few sections within the existing policy demonstrate inconsistency with expectations for school councils, principals, and the superintendent as they would lawfully and procedurally be expected to function.

This explains the edits that are recommended to this policy as outlined through the additions and strike-outs that are contained within the enclosed draft.

Re: Policy 18: Naming of Schools

No changes are recommended at this time.

Thank you for your attention to this matter.

Board Policy Review Reflection Framework

Within the existing ASBA Roles Clarification: Governance, Administration Policy Model that is adopted by Greater St. Albert Catholic Schools, the Board sets direction for the District according to two elements that are essential to achieving the District's mandate:

- the responsibilities that the Board will undertake due to the mandates of legislation and its desire to uphold appropriate risk management principles;
- what the Board hopes to achieve in order to be responsible to the owners of the system (the public).

To this end, the Board through its policy model has identified policies that reflect the will of the Board in these areas. Within the Board's policy framework is the delegation to the Superintendent the authority to maintain administrative procedures that complement Board Policies relevant to what the Board deems to be operational matters and outcomes that are essential in achieving the mission and vision of the District. Essential to the success of meeting desired results for the District is the extent to which Board Policies and Administrative Procedures are complementary to each other.

Therefore, when the Board engages in continually understanding and adapting its role in fulfilling responsibilities and meeting desired outcomes, policies should meet the following tests:

Are the Board's policies:

- *legal according to statutes and contractual arrangements made by the Board?*
- supportive of the Board's foundational policies: District Mission Statement, Values, Beliefs, Goals, and Objectives; Role of Board; Role of the Trustee; Board Delegation of Authority; Role of the Superintendent?
- supportive of the expectations of previous motions that empower current practice?
- understandable according to the intent of their expectations and will of the Board?
- a reflection of generally accepted standards as written in other parallel public policies?

The Board is encouraged to use these questions as a reflection framework for understanding or amending all policies that are reviewed through the Board's annual policy review schedule.

ALTERNATIVE PROGRAMS

The Board believes that parents have a right and a responsibility to make decisions about the education of their children. In order to exercise that right, parents need to have choices in the kind of education their children will receive. Alternative programs, pursuant to Section 21 of the School Act, that emphasize a particular language, culture, religion or subject-matter, or that-use a particular teaching philosophy that may be made available where numbers warrant and when financially feasible. An alternative program is not a Section 47 special education program, a Section 10 Francophone education program, or a program of religious education that is approved by the Bishops of Alberta and mandated by the Board for implementation within district schools.

The Board is committed to the belief that all students ought to have right of access to high quality education programs that ensure optimal student learning, achievement, and engagement in school. To ensure such programming, the Board relies upon the Superintendent to recommend alternative programs for schools based on demonstrated need and parent and/or student interest in such programs. committed to the belief that all students have right of access to quality education programs. Therefore, the Board is responsible for student outcomes, for assessing student achievement, and for monitoring results in all programs.

 - 20.6 That the program may be assigned to a school that has space and resources to promote the program, where the program is also a cultural fit for the school community.
- 21. The role of the principal who administers an alternative program is key to determining that the rationale for program approval, as previously outlined may be sustained on an annual basis. Therefore, as per Section 20 of the School Act, the principal may be requested to evaluate any approved Alternative Program and make recommendations to assure that the basis for program approval can be sustained on an annual basis. Such recommendations must be made in writing to the Superintendent or designate for review with respect to ensuring that such changes ensure optimal learning for students.

- 22. Once the Board elects to accept an alternative program as presented by the Superintendent, the Board will approve such programming at a public board meeting. Additionally, the Board may enter into a written agreement with a school council or parent organization requesting an alternative program, and the agreement shall:

Naming of Schools

Background Statement

Catholic schools have a unique opportunity to establish an ethos, philosophy, set of standards, and source of celebration in relationship to the namesake of a school. Within a Catholic School community, the school name may also forge a deep spiritual bond for the students and staff, and enhance the faith life of all associated with the school community. Ultimately, a name that is selected should deepen the relationship of all in the school with the person of Jesus Christ as members of his Body, the Church. The purpose of this policy and related guidelines is to provide direction to staff and community partners who are responsible for proposing names for new schools in Greater St. Albert Catholic Schools.

Procedures

- 1. New schools of Greater St. Albert Catholic Schools shall be named in honour of the Divinity, a Catholic tradition, a person or group that has been officially recognized by the Church (through beatification or canonization) or an outstanding Catholic figure.
- 2. When developing potential names for a school, the following considerations should be in place:
 - 2.1. First consideration is given to an aspect of the mystery of Jesus Christ (Christ the King, Good Shepherd, Holy Trinity, Holy Name of Jesus, Divine Mercy, etc.).
 - 2.2. Second consideration is accorded to Our Lady, who may be named under one of her many titles (Our Lady of Grace) or in relation to her life (Nativity of Our Lady, Assumption of Mary).
 - 2.3. Third, the name of a canonized saint may be considered, since canonization is a declaration to the universal Church that the one canonized is worthy of imitation.
 - 2.4. Fourth, the name of a person associated with the founding of Catholic education in Alberta, or an exemplary model and witness to the Catholic faith within our world may also be considered, provided there has arisen around him or her a reputation for sanctity and dedication to Christ and His Church.
- 3. The duplication of names within the Board shall be avoided.
- 4. The name of the school shall be such that it does not encourage abbreviation or nicknaming that demeans the exemplary witness and modelling to our faith that is inherent within the name.
- 5. The possessive form shall not be used in the name.

- 6. Through applying relevant criteria, consideration shall be given to the local Parish name if not previously selected.
- 7. As soon as the boundaries are established for the new school, the Superintendent, in consultation with Trustees shall meet to determine membership of a name selection committee.
- 8. The name selection committee shall consist of the trustee(s) representing the ward where the school will be located, local pastor(s), parents of the future students of the new school, and other community members deemed appropriate.
- 9. The committee shall seek input and engage in consultation on possible school names.
- 10. The committee shall recommend at least three names, in order of preference, with rationale, to the Board.
- 11. Where the title of an individual for whom the school has been named has been changed by the Catholic Church, the Superintendent shall consult with the principal and school council of the school and shall draft a report to the Board recommending renaming of the school to incorporate the new title.
- 12. The Board shall determine the name of the new school by resolution.
- 13. The principal of a newly named school will ensure that a suitable plaque, scroll, or display outlining the significance of the school name is arranged for and displayed appropriately in the school.

2018-2019 Board Strategic Priority Report

PRESENTER:

David Keohane, superintendent of schools

BACKGROUND:

On May 11-12, 2018, the Board conducted a strategic planning session to address those areas that would improve its governance and operations. The attached report provides a summary of priorities that were specified within the planning session. It also provides a schedule of upcoming planning and approval steps that are dedicated to bringing these priorities to action.

RECOMMENDATION:

THAT the Board of Trustees approve the 2018 - 2019 Board Strategic Priority Report as presented.

2018-2019 Strategic Priority Report to the Board

Background

The Board initiated work for the District in a strategic planning process for 2018 – 2019 through its annual planning session held on May 11th-12th, 2018. Work conducted at this time was responsive to direction provided in Board Policy 2: Role of the Board. Under the area of "planning," the policy indicates that the Board shall:

Annually set strategic priorities and key results.

The Board's work arose from an assessment of the District's strategic focus as conveyed in the following graphic:

Specifically, the following areas for review were addressed in the following categories:

Ministerial Mandate:

• Understanding more clearly ministerial mandates and methodologies for influencing outcomes under the purview of the Ministry.

<u>Advocacy:</u>

- Relevancy of the current plan in light of the current political landscape, outcomes of our faith based education, and interests of our communities.
- Areas of generative interest to explore with community stakeholders for 2018 2019.

Community Voice:

- A boundary review for St. Kateri Tekakwitha School;
- Outcome of the current 2018 ThoughtExchange consultation.

Program Viability:

- Grade configuration for St. Kateri Tekakwitha school;
- Status of programs with focused district support (ESSMY, Vital Grandin, Legal School).

Emerging Priorities

The Board deems that the following outcomes are necessary in enabling the District to pursue effective strategic processes dedicated to the success of our students:

Re: Ministerial Mandate:

• Further to Outcome 5 of our Three-Year Education Plan, continue with strong community consultation and relationship building with the Ministry to achieve Board priorities.

<u>Re: Advocacy:</u>

- Wanting to connect with the community regarding the development of a collective understanding of what learning success means in Greater St. Albert Catholic Schools.
- Sustaining student interest in our school system by being responsive to what the community most values in programming and student well-being.
- Strengthening our local and global community's understanding of what it means to be an excellent faith-based education system (i.e., knowing and being who we are).
- Using the ThoughtExchange survey tool, the Board expressed interest in developing questions for community response about the following ideas:
 - What does your school do to help students and parents know what learning success looks like and how to achieve it?
 - What does your school do to communicate students' ongoing learning and how to improve as learners?
 - What does your school do to help you to be a model and witness to Jesus Christ?

Re: Community Voice:

- Implement Option A which utilizes 100 Street as a practical dividing point within the Town to explain the catchment areas for École Notre Dame and St. Kateri Tekakawitha Academy (Appendix A).
- Respond to the following overall conclusions arising from the ThoughtExchange survey:
 - Academic programming is understood by our community to be robust core subject emphasis with supports and choice of options that parallel students' interests.
 - Option programming is understood by our community as not only meeting students' interests, but also their needs to develop post-secondary and career skills.
 - The most-favoured programming to enhance career and life skill development is financial literacy.

Re: Program Viability:

- Ensure that schools receive specific feedback regarding how the ThoughtExchange survey validates and informs direction for school programming in the future.
- Understand and support resourcing needs of schools implementing programming aimed at improving and sustaining enrollment.

Next Steps

- 1. As a result of acceptance of this report and findings from yearly community input, a strategic plan will be drafted for Board Approval at the June 25th, 2018 Regular Meeting.
- 2. CCLC will continue its review of key components of the Strategic Priority Report and recommend incorporation of processes within the Three-Year Education Plan that can also be reflected at the school level.
- 3. At the Regular Meeting on June 25th, 2018, the Board will approve the District Framework for Developing the Three-Year Education Plan and School Education Plans.
- 4. At a Regular Meeting in September 2018, the Board will approve its Advocacy Plan and monitoring calendar for the 2018 2021 Three-Year Education Plan / Governance Planning Priorities.
- 5. At a Regular Meeting in September 2018, the Board will approve the District Communications Plan.
- 6. Further implementation of the concepts contained within all plans will rely on the following interconnected and interdependent processes:

2018-2019 Principles for the Basis of Allocations

PRESENTER: Deb Schlag, secretary-treasurer

BACKGROUND:

Each year as part of the budget process, administration recommends the Principles for the Basis of Allocations to Schools, which sets the allocation rates as considered and approved by the Board of Trustees, for select Centralized and all School Budgets.

A review of the DRAFT 2018-2019 Principles for the Basis of Allocations to Schools was completed at the May 14, 2018 Committee of the Whole Meeting and shared with School Administrators on May 15, 2018. The FINAL version is attached for consideration by the Board of Trustees.

The Class Size Standards for the purposes of allocation for 2018-2019 are as follows:

- ECS to Grade 3 21.5 students
- Grade 4 to 6 26.5 students

- Grade 10 to 12 31.5 students

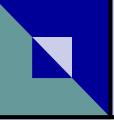

It is important to note that all service levels and allocation rates remain the same or present improvement for 2018-19 when compared to the previous year.

All items in "red" text represent changes to the previous year. Changes include:

- the addition of a new budget principle on page one, which highlights the Board's commitment to furthering the faith and instructional leadership priorities of the District
- adjustments on page five with the addition of two specific allocations; a new one for Chaplaincy, and an existing one for Pedagogy and Technology which was introduced a few years ago, and adjustments to the class size at K-3 and 10-12 for the purposes of allocation only
- the addition of an explanation of the contingency fund, which has always been practice, but never written formally outlined in the document
- minor housekeeping throughout the document

RECOMMENDATION:

THAT the Board of Trustees approve the 2018-2019 Principles for the Basis of Allocations to Schools, as presented and attached.

Principles for the

Basis of Allocations to SCHOOLS

2018-2019 – FINAL

Greater St. Albert Roman Catholic Separate School District No. 734 *Presented for Approval May 28, 2018*

PRINCIPLES FOR THE BASIS OF ALLOCATIONS

The Principles for the Basis of Allocations flow from the foundational statements of the District and are grounded in the Catholic understanding of the common good. The three essential components of the common good are subsidiarity, solidarity, and socialization. By subsidiarity, it is understood that decisions are best made by those persons closest to the source where such decisions will be applied. However, while the Principles acknowledge the benefit of site-based management, they also honor the need for solidarity among our schools, assuming that all areas of financial allocation in the District have a shared role in serving the needs of students. Finally, socialization is deemed to be the value that bridges the two previous components together. It assumes that all who work on behalf of students must be active in demonstrating behaviors that support each other with respect to the interdependent nature of everyone working for the needs of all students. Consequently, from time-to-time, adjustments to the student-based and the District's budgets may be required to facilitate prudent fiscal stewardship of the District.

OVERALL BUDGET PRINCIPLES

All Schools and Departments will:

- Be responsive to programming needs that enable students to meet the Standards of Education prescribed by the Minister of Education
- Ensure that K-12 Religious Education may be part of a student's program plan, to thrive both intellectually and spiritually
- Develop program plans and pedagogy that places students in the center and in charge of the learning process
- Make efforts to transition away from a traditional library toward a learning commons environment which promotes an inclusive, flexible, learner-centered, physical and/or virtual space for collaboration, inquiry, imagination and play to expand and deepen learning for individual students and groups
- Deploy technology supporting pedagogy that improves learning for all students
- Support targeted and specific intervention plans for indigenous FNMI learners with the differentiated FNMI grant dollars provided for this purpose
- Further "best practices" and efficiencies in achieving outcomes so that optimal service can be provided to all students
- Support learning environments that are safe, happy, and healthy so students can learn, live fully, and serve others
- Build capacity of staff to assist the principal in furthering the faith and instructional leadership priorities of the District.

BUDGET PROCESS AND THE DETERMINATION OF ALLOCATIONS BY ENVELOPE

The Board of Trustees is responsible for the success of all students on an equitable basis. Each site shall deploy its resources based on a strategy that best suits its school community through the development of an Organizing for Learning Plan for the purposes of identification of staffing needs.

The District's annual budget process for the next school year begins in November of each year with confirmation of the current year's funding, which will be used as a comparison to the estimated revenues anticipated for the following year with NO increase in rates.

All expected funding is categorized into 3 basic areas:

- 1. Targeted Funding, with specific reporting requirements and not directly available for general instruction such as:
 - **Program Unit Funding**
 - External Services
 - Donations specific to School Generated Funds
 - Secondments (placement of staff with external agencies)
- 2. Other Funding, directed to specific areas such as:
 - Operations and Maintenance / Capital Allocations
 - Transportation
 - Governance and Administration
 - Other Specific Amounts for Instruction (i.e. Home Education, English as a Second Language, FMNI, One-time Grants, Federal Funding, and any other instructional or supplemental funds that will be allocated outside the classroom funding allocation model, according to need).

All areas served by funds in these categories are expected to have balanced budgets (Revenues less 3.6% = Expenditures)

- 3. K-12 Instruction to Schools funds available for directly funding the classroom that include the following:
 - Basic Instruction Rate (K-9)
 - Class Size Base Rate (K-3)
 - Earned Credit Enrollment Units (CEU's) Tiers 1-4 (10-12)
 - High School Flexible Funding (three-year average)
 - Socio-Economic Status Rate

 \clubsuit Enrolment projections are developed by the Secretary-Treasurer in conjunction with Principals, including the application of average entrance and retention rates to specific programs for planning purposes. Initial projections are conservative and based on the last three to five year average enrolment in Kindergarten and the roll-over of all other grades.

2

These conservative projections are then forwarded to schools for comment.

Funding for staffing is held centrally at the district level.

Funding for supplies and services is provided directly to school sites for management by the School Principal.

Selected costs are managed at the central level, through program budgets, to benefit all students as outlined in the Centralized Needs Addendum on page 10.

STUDENT-BASED DECISION MAKING

- Each site Principal shall deploy assigned Allocations (either an FTE for staff or funding for supplies and services) based on a strategy that best suits its school community, keeping in mind the following:
 - a) Student-based decision making is defined as a process for allowing appropriate responsibility and accountability for decisions to the stakeholders at the school level. The concept of student-based decision making is based on a strategy that those most closely connected with the education of children are capable, can be trusted and are ultimately responsible for making decisions that affect the school lives of students. The process of bringing together all stakeholders, staff, students, parents, church, and community members should have the effect of releasing the boundless energy, dedication and creativity of those people who function closest to the implementation of the learning and teaching process.
- The District believes that given an appropriate level of authority and resources, student-based decision making will enhance student achievement and increase the effectiveness and efficiency of the delivery of the school's instructional program.

IMPLEMENTATION OF STUDENT-BASED DECISION MAKING

The implementation of student-based decision making requires the sites to meet the following legal conditions:

- a) Provincial statutes and regulations;
- b) School board policies and administrative procedures;
- c) All contracts and terms of employment; and
- d) School board resolutions

The Principal of the school shall be responsible and accountable to the Superintendent for the implementation of student-based decision making at the school level.

STUDENT-BASED BUDGET ALLOCATIONS

- - \clubsuit All site Principals will play a key role in determining the staffing requirements at their sites, but the funding for staffing will remain in a central fund for monitoring purposes. FTE staffing allocations will be provided as follows:
 - a) To elementary, middle years, junior, and senior high school sites, based on Board approved class size standards for Kindergarten to Grade 12. Funding will remain at the District level while the allocations to schools will be based on full-time equivalent (FTE) teachers required to achieve the class size standard at each grade level according to established average teacher salary, as determined by the Finance Department from year to year.

Site-based budgets for all schools will be limited to supplies and services and the following procedures will aid in transparency and accountability:

- a) The primary collection site for all enrolments will be MyBudgetFile (MBF).
- b) The specified MBF budget will be closed according to established timelines to maintain the information and support the Budget submission to Alberta Education. Subsequent working budgets will be made available thereafter for school input, from time to time.
- c) The student-based operating supplies and services budget is based on actual enrolments confirmed by the school on September 30th of each school year. The budget will be closed in mid-October and remain closed for the duration of the semester. A final budget will be available in mid-February for updating.
- i) The final student-based budget will be available in mid-February, and remain open to allow ample time for schools and District office to finalize details. This budget will confirm results and include minor adjustments necessary. Any adjustments after closing will be reflected in the variance between budget and actual results.
- Independent iLRN Centres will exist at SACHS and MCHS, while ESSMY may be part of St. Gabriel High School. This model may be modified, as required, by the Secretary Treasurer and any modifications shall be reported to the Board.

SCHOOL ALLOCATION MODEL

The monitoring of funding for all diverse needs staff (certified and support) will remain under the direction of the Assistant Superintendent of Learning Services or designate to provide consistency of programming and services in all schools. Funding for this purpose will consist of the Inclusive Education Grant received from Alberta Education as per the District's Profile and any further funding made available to the central diverse needs pool at a rate per FTE as specified in the addendum.

^b Initial FTE allocations for staff will be based on enrollments confirmed on September 30th. The final FTE Allocations will be based on the Organizing for Learning Plan submitted, reviewed, and approved.

- a) For FTE allocation purposes only, St. Albert Catholic High School (SACHS), Morinville Community High School (MCHS), École Secondaire Ste. Marguerite d'Youville (ESSMY) will all be designated as a high school. Teacher preparation time for both junior (grade 7-9) and senior (grades 10-12) components that exist at a school will be allocated preparation time at 12.5% to recognize the staffing of the entire school is in accordance with 1,000 hours of annual instruction.
- b) The FTE allocation for certificated staff (K to 12) will be based on the latest District average teacher salary and benefit cost, times the required teacher FTE determined by the application of the Board approved class size standard to the grade population, as directed by the Assistant Superintendent in consultation with school administration. The FTE allocation for certificated staff is a number rather than a dollar value. The certificated staff allocation (K to 12) will also include the actual amount of any contractual certified allowances for the Principal, the Vice-Principal, and any eligible Religious Studies teachers. All other allowances are considered site-based decisions and must be funded from all other allocations. The District average for teacher salary and benefits may be modified from time to time, as necessary, to reflect negotiated increases. The Board approved class size standard is outlined below, but may be modified as necessary, by a Board Motion.

ECS to Grade 3	21.5 students
Grade 4 to 6	26.5 students
Grade 7 to 9	28.0 students
Grade 10 to 12	31.5 students

c) All sites will receive an FTE allocation for school based administration, as part of their certified FTE, based on the following schedule:

♦ 0 – 400	1.5 FTE
401-700	2.0 FTE
701 +	2.5 FTE

- d) All sites will receive an allocation of 0.2 FTE for Pedagogy and Technology as part of the Funded FTE Rate for their Certified Allocation.
- e) All sites will receive an allocation of 0.1 FTE for Chaplaincy as part of the Funded FTE Rate for their Certified Allocation.
- f) All sites will receive an allocation for a Learning Commons, based on a percentage of the established Teacher Average Salary & Benefit amount as specified in the addendum. Sites will have flexibility in the deployment of the funding to best meet the needs of their school community. It is the responsibility of school administration to ensure a minimum of half

the allocation provided is used to fund a Library Tech position or a Teacher position at their site's Learning Commons. Any funding not used to fund the Learning Commons will be available to the school for supplies & services or supplemental Certified Staff.

g) All sites will receive an allocation for secretarial support, based on the current grid maximum (average for SOS I & SOS II) and 10.5 months, including benefits @ 30%:

0-400	1.5 FTE
401-600	2.0 FTE
601-800	2.5 FTE
800+	3.0 FTE

- h) All high school sites will receive an allocation for a Business Manager, based on the current grid maximum for 10 months, including benefits @ 30%. It is up to site administration to deploy the allocation as is best suited to the school community.
- i) All sites will receive an allocation for supplies and services distributed on a per student basis, specified in the addendum.
- j) All French Immersion sites (École Father Jan, École Marie Poburan, École Georges H. Primeau, École Notre Dame, École Secondaire Ste. Marguerite d'Youville, St. Albert Catholic High School, and Morinville Community High School) will receive an allocation for resources distributed at the rate specified in the addendum per each "French" Grade 1-12 student.
- k) All dual track French Immersion sites (École Notre Dame, École Georges H. Primeau, MCHS, and SACHS) will receive an FTE allocation per grade level as specified in the addendum.
- 1) All school sites will have access to a contingency fund to support and/or supplement the FTE allocation provided through the Basis of Allocations to Schools process, should the process be inadequate for any school community. The value of the contingency fund may vary from year to year. The Board of Trustees will set contingency FTE during the preliminary budget review process. Available contingency will be provided to schools on a highest to lowest need basis through a collaborative process involving Learning Services, Human Resources, the Secretary Treasurer, and the school. When requesting access to contingency the Principal must submit the Organizing for Learning Plan for review, an outline of the shortfall in FTE and the impact on the school community, along with an explanation of how the contingency will improve the student experience.
- m) All school budget sites will be required to submit a balanced budget. Exceptions must be approved in writing by the Secretary-Treasurer.
- n) Any site "operating surplus" will be automatically applied to offset any other District deficit before being considered for contribution to the accumulated operating reserves.

o) Any site "operating deficit" must be covered by available school generated funds, as determined collaboratively between school administration and the Finance Department. If available funds are not sufficient to cover the "operating deficit", the remaining amount will be automatically applied to the following school year as a reduction to the subsequent year's available allocations.

SCHOOL GENERATED FUNDS

School Generated Funds (SGF) are funds raised by activities that come under the control and responsibility of school management (usually the principal and/or those reporting to him/her). It is the responsibility of District Office to develop, maintain, and oversee adherence to appropriate policies and procedures to ensure monies related to SGF are received, receipted, recorded and safeguarded and that proper records are maintained.

The two types of revenue that are collected at the school level are classified as follows:

- 1. Funds collected at the school and expended at the District level
- 2. Funds collected at the school and expended at the school level
- Monies collected at the school level, for instructional purposes, such as lunch program fees and any other fees for sales of goods or supplies are remitted to District Office, added to the school's Instructional Materials (IM) budget and deployed accordingly on the purpose for which they were intended.
 - Monies collected and retained at the school, such as yearbook sales, graduation fees, field trips and monies received from *unincorporated* parent advisory groups. These types of fees will fall into two categories, some for an intended purpose that will be remitted to District Office and added to the school's Instructional Materials (IM) budget by mid-June of each year, and those with external restrictions, which will remain in the school account and carry-over to the next year.
 - All EXTERNALLY RESTRICTED funds require supporting documentation on file at the school, with scanned copies forwarded to the Finance Department. Documentation must include the initial letter to the relevant stakeholders, outlining the means to collect funds, what the funds are to be used for, and the specific intention for any surplus funds as well as subsequent correspondence, and/or any newsletters used to communicate that information. If tickets are provided, use of targeted and surplus funds must be identified on the back of the ticket.

FEES

Board directed fees for ECS and Learning Resources are have been eliminated for 2017-2018 and 2018-19, and have been replaced by specific funding from Alberta Education. The Government funds will be applied to General Revenue for the District as part of the funding source of the Student Supplies and Services Allocation. See the attached addendum for rates. Bill 1 – An Act to Reduce School Fees, comes came into effect for 2017-18 and through the new School Fees and Costs Regulation, parents will no longer be charged fees for textbooks; workbooks; photocopying and printing; or paper. In addition, all remaining fees must meet

several criteria, including being clearly expressed in a board's fee schedule, as well as being connected to a specific good or service. Therefore, common or generic fees—often previously referred to, among other titles, as instructional fees, instructional materials, or basic fees—can no longer be charged.

The out-of-province annual tuition fees are determined by the Secretary-Treasurer, approved by the Board, and specified in the attached addendum. All out-of-province tuition fees must be administered through the Finance Department at District Office by September 30th of each year and are subject to the withholding of 3.6% for District administration.

All school based fees must be provided for input by the parent community and discussed at a school council meeting prior to March 1st of the school year, prior to the school year in which the fee becomes effective. Evidence of discussion, by way of a meeting date, must be provided to the Secretary-Treasurer on an annual basis, no later than April 1st of the school year, prior to the school year in which the fee becomes effective. Any change in fees must be substantiated by a demonstrated need, clearly outlined in writing, and approved by the Secretary Treasurer prior to presentation to the Board for approval. The Board of Trustees will make the final approval on all Fees.

- A summary of all school based fees in support of the general curriculum must be submitted to the Secretary-Treasurer by April 1st and will be presented to the Council of Councils for consultation and input between April 15th and May 15th prior to consideration by the Board. Once opportunity for parental input has been provided for and received, a school-by-school fee schedule along with a summary schedule will be presented to the Board for approval each year by May 31st (or at the last meeting of the month in which the budget must be approved) prior to the start of the school year in which they apply. School-based Fees must not be assessed by schools until approval by the Board is granted. A fee increase of 5% or more, from the previous year, requires Ministerial Approval.
 - All extra-curricular fees, such as athletic team fees, should be communicated to parents and should be limited to operating expenses for the current season of the team. All fees will be shared with the school administration and forwarded to the Secretary-Treasurer as soon as they are set in any given school year. This information will be shared with the Board, as it becomes available.

All fees to be charged in a given school year, regardless of when they are actually assessed, must appear on the fee schedule to be approved by the Board, no later than the last meeting of the month in which the District Budget is to be approved. If the fees are not listed on the fee schedule approved by the Board, they shall not be charged at any time in that school year. A fee schedule, indicating the MAXIMUM per student fee to be charged during any given school year shall be posted both on the school website and the district website.

OTHER FUNDING

- Guiding Principles for District funded programming such as the District Catholic Dimension Fund (Youth Ministry), International Baccalaureate Program (IB), Learning Through the Arts Program (LTTA), etc. must meet the following criteria:
 - a) The program or initiative must be supportive of the foundational statements (mission, values and vision) of Greater St. Albert Catholic Schools.
 - b) The primary benefactors of the program or initiative must be the students of Greater St. Albert Catholic Schools.
 - c) The program or initiative is not financially sustainable by a school within the *Principles of the Basis of Allocations to Schools*, as revised from year to year. As a result, consideration may be given under District funded programming to cover costs such as external licensing, exam fees, and/or certification obligations.
 - d) The program or initiative is not part of the funded core and optional curricula of Alberta Education.
 - e) The program or initiative may be established by a directive of the Board of Trustees.
 - f) The program or initiative must serve the common good of the District, even though it may be location specific.
 - g) The program or initiative advances the Three-Year Education Plan of the District, for example, faith formation, special needs programming, gifted education, language learning, and distributed learning.
 - h) Consideration will be given to programs or initiatives that were implemented prior to the determination of the guiding principles and for which the cessation of such programs or initiatives is likely to cause irreparable harm to the integrity of Greater St. Albert Catholic Schools.

BOARD OF TRUSTEES REGULAR MEETING

ATTACHMENT FOR AGENDA ITEM 13.3

2018-2019 School Fees

PRESENTER:

Deb Schlag, secretary-treasurer

BACKGROUND:

Guidelines were provided for the 2018-19 preparation of the School Jurisdiction Budgeted School and Transportation Fee Revenue Schedule to District Administration in early April 2018. Schools were provided with a copy of their 2017-18 posted Fee Maximums (as listed on the District website), asked to indicate any changes requested and why, including support for the requested changes, sign and return to the Finance department. Schools are not required to charge the full fee listed on the Schedule, as this is the MAXIMUM for any given fee. In some cases, a fee may be listed on the Schedule, but never be charged, if students chose not to access a particular option or if funding was received from another source, such as fundraising or sponsorship.

School jurisdictions are required to submit their most recent school fee policy and fee schedule(s) with their completed budget report to the Financial Reporting and Accountability Branch (FRA) of Alberta Education on or before Thursday, May 31, 2018. An electronic copy of each of the documents is required to be submitted in Alberta Education's prescribed format.

In accordance with Section 6 and 7(2) of the School Fees and Costs Regulation ("the Regulation"), **any fee that increased by over 5% over prior year (including new fees)** shall not be charged unless approved in writing by the Minister. In order for the Minister to approve a new fee or a fee increase, it:

- Must not contravene the Regulation Section 3 (2);
- Must not exceed the amount...to be the projected cost of providing for the subject matter of the charge in accordance with Section 4(c) of the Regulation;
- Must be clearly expressed in this schedule to connect to a specific good/service that is calculated to benefit students in accordance with Section 4(d) of the regulation;
- Must have been under consultation and discussion with parents in accordance with Section 5 (2) of the Regulation;
- Must comply with Section 10 (1) of the Regulation as it relates to a jurisdiction's compliance with its policies and justification of new fees or fee increases.

RECOMMENDATION:

THAT the Board of Trustees approve the 2018-2019 School and Transportation Fees Schedule, along with the supporting detail for each fee category, as required, which indicates the maximum fees per course or activity and the anticipated revenue as presented and attached.

Total Other Fees

\$5,940.00

Transportation fees: Amounts charged for transportation to and from school in accordance with the School Transportation Regulation (excluding field trips – see Activity fees, Non-curricular travel or Extracurricular fees below). This includes but is not limited to transportation fees for ineligible students, students attending a school of choice, non-resident students, transportation to a secondary address, yard
service and the sale of public transit bus passes to qualifying students.
Basic instruction supplies (Instructional supplies & materials): "School Fees and Costs
Regulation" has eliminated fees associated with what was previously termed basic instructional supplies, in accordance with Section 3(2) for public, separate and Francophone school jurisdictions. However, for the 2018/19 school year, these fees are still permitted for charter schools. Please note that in 2017/18 bulk school supply purchases were classified under this category but please classify these purchases under "other sales & services" provided that parents have <u>the option of purchasing these items</u> elsewhere.
Technology user fees: Amounts charged for use or rental of computers, iPads, or other electronic devices; fees assessed to cover the cost of software applications or infrastructure should also be classified here.
Alternative program fees: Amounts charged under Section 21(4) of the School Act, a program (not an
individual course) that emphasizes a specific culture, religion, or subject matter or uses a particular teaching philosophy, including sports-related academies. Fees classified here are in addition to fees charged to students who are not in an alternative program. Avoid using blanket fees like "registration fee" or "application fee" since this does not describe how fees are used and will be difficult to cost for financial statement purposes.
Fees for optional courses: Additional amounts charged to parents for student enrolment in non-core
course options that require special equipment, supplies, or transportation, such as band, fine arts, Knowledge and Employability, or Career and Technology Studies;
Non-curricular travel: Travel, accommodation, & admission associated with extended (overnight)
optional non-curriculum travel for arts, athletic events, international travel;
Early Childhood Services: Full day or progressive Early Childhood Services programs that provide greater hours of instruction than required (475 hours per year). Additional fees related to funded half-day kindergarten must be classified to other categories, as applicable;
Extracurricular fees : Fees from clubs, sports teams, intramurals, or other programs designed to
broaden scholastic experience. Includes charges for materials, activities, and travel associated with the club/team, etc. Please include all possible per student fees, including the travel & competition fees for successful athletics or arts teams & students;
Activity fees: Transportation, admission, accommodation, and other charges for field trips or special events (including in-school clinicians & presenters) usually associated with curriculum. Additional examples include fees to cover costs associated with swimming and inline skating.
Lunch supervision & noon hour activity fees: Fees charged to students for use of supervised lunchroom facilities as well as the cost of any corresponding activities occurring during the lunch period.
Non curricular goods and services: Fees charged to parents in exchange for goods or services common to most students or a cohort within the population, including locker rental, locks, student ID, uniforms, gym strip, library, agendas, student union, insurance, graduation ceremony fees charged to all graduating students, parent-teacher associations, and fitness fees not associated with curriculum.,
Other fees to enhance education: Fees related to provide additional support to students toward
educational programs not described or covered by the preceding fee categories.
Other fees: Aside from CAUTION FEES, use of this category should be rare as most fees should be categorized as above. Additional details should be disclosed in the "Other Comments" column, if required. Please ensure that fees in this category are not defined in other categories. For CAUTION FEES, funds should be treated as deferred revenue in your records and refunded to
students once books and supplies are returned in satisfactory condition. Caution Fees retained
damaged books and supplies should be treated as SALES & SERVICE rather than fees.

BOARD OF TRUSTEES REGULAR MEETING

MAY 28, 2018

ATTACHMENT FOR AGENDA ITEM 13.4

2018-2019 Transportation Fees

PRESENTER:

Deb Schlag, secretary-treasurer

BACKGROUND:

Through the *School Act* and the *Student Transportation Regulation*, boards are required to provide transportation to and from a student's **designated school**—for regular or special education programming—if the student resides 2.4 kilometres or more from that school. This means a board is not required to transport students who live under 2.4 kilometres or less from that school. Greater St. Albert Catholic Schools offer enhanced service beyond what is required in the *School Act* and has done so for many years. To keep costs affordable to all families wishing to access transportation, including those above 1.0 km in Elementary and 1.6 km in Jr/Sr. High, as well as those above 2.4 km, transportation fees were charged to all and equally shared. *Bill 1* changed this reality last year. Because of *Bill 1*, only fees for the provision of enhanced services (less than 2.4 km) were allowable and fees for students who live 2.4 km or more from their designated school were eliminated, unless students were attending a program of choice.

In 2017-18, the Board chose to approve a deficit of approximately \$303K for transportation services and refrained from a fee increase to gain a better understanding of the impact on transportation operations from the new circumstances. The transportation department worked hard to consolidate routes and introduce efficiencies whenever possible to reduce the planned deficit.

Designated School

All students have a designated school determined by the attendance area set by the District. In this District, designated schools offer regular programming in either English or French. Designated schools are usually the closest school to the residence of the student that offers regular programming. This means there will be NO FEES charged to students who live 2.4 km or more from their designated school, whether it offers English or French Immersion Programming.

Neighboring School Jurisdictions

GSACRD shares physical boundaries with two school jurisdictions, St. Albert Public (in the St. Albert Ward) and Sturgeon School Division (in the Morinville & Legal Wards). Both jurisdictions reported 2017-18 transportation fees are listed below:

Sturgeon Rates for 2017-18:

K-12:	\$275 per year
School of Choice:	\$275 per year

Non-Residents:\$360 per yearHead-Start/Kinder:\$175 per year (one way only)Head-Start/Kinder:\$275 per year (to/from school)

St. Albert Public Rates for 2017-18:

Level II:\$410 per year (\$390 if paid by June 1) enhanced (1.6 km - 2.4 km)Level III:\$500 per year (\$480 if paid by June 1) considered cross-boundary or
school of choice

GSACRD Fee History 2009-10 to 2017-18 (last nine years)

- Fees have remained constant for the last three years (no increases)
- Transportation has posted a deficit for the last five years
- Family Rate during this time was applicable to those with 4 or more children

Proposed Fee Scenarios:

Five fee scenarios are attached which range from scenario one, which suggests NO increase, resulting in a projected deficit situation of \$140,950, to scenario five, which suggests an increase an increase of \$120/\$200, resulting in a small projected deficit of \$24,460 is contingency is used, but a surplus of \$16,695 if it is not accessed.

As was presented with the 2017-18 fee considerations, in an attempt to keep fees affordable for families, the family rate has been increased by the same amount as the cross-boundary fee in each scenario but the parameters of eligibility reduced to three or more children from four or more children, when any increase is applied. In 2017-18, 15 families would have been eligible if the "3 or more children" parameter was in place.

CONCLUSION:

In the opinion of Administration, the middle column of the proposed transportation budget (highlighted in yellow) for 2018-19 presents the best situation for the upcoming year.

- The deficit proposed is considerably reduced from 2017-18 indicating the maximum use of reserves in the amount of \$82,705 (no funds would be diverted from instruction).
- Fees supported by scenario #3 would increase by \$60 per student, for those receiving enhanced service (a 22.2% increase; an average of 7.4% per year over the last three years).
- 2018-19 is the first year of a new three-year tender package, in which costs have increased from the previous tender.
- Fee scenarios # 4 & 5 both have a potential for a surplus position, which is not the preferred position whenever possible, as the goal when charging fees is always to breakeven or minimally subsidize at the budget stage. The increases of \$90 and \$120 respectively, represent increases of 33.3% and 44.4%, which appear to be unreasonable in a single year, but could occur in smaller increments over time.
- Taking the budget middle road, impacted by fee scenario #3, allows for the first year of increase to happen in a gradual manner.
- Fee scenarios # 1& 2 have the potential for the deficit to remain above \$100K and do not appear to be a consideration at this time, as the goal is to have the deficit below \$100K.
- Access to a second stop is charged a fee of 50% of the applicable rate for individual students.

RECOMMENDATION:

THAT the Board of Trustees approve the transportation fee schedule for 2018-19 with no charge for eligible riders living 2.4 km or more from their designated school and the following rates for all other students, which increase from those in 2017-18 by \$60 for the regular rate, \$100 for the cross-boundary rate, \$100 for family rate, to the following :

Grade K-12	\$330
Family of 3 or more	\$945
Cross Boundary	\$460

AND

THAT all students, regardless of distance, requesting more than one pick-up/drop-off location that requires more than one bus, will be subject to a fee of \$165 per year (if charged the regular rate; 50% of \$330) or \$230 per year (if charged the cross-boundary rate; 50% of \$460) for access to a second bus, over and above the current year's applicable category bus pass fee.

The 2017-18 Family Rate is based on a family of 4 or more. The 2018-19 Family Rate is based on a family of 3 or more. Revenue has been estimated using 3 or more in a Family, using the eligible riders that would have fallen into that scenario – all numbers will change in 2018-19 and will be -updated in the 2018-19 Fall Update Budget, based on September 30th numbers.

BOARD OF TRUSTEES REGULAR MEETING

MAY 28, 2018

ATTACHMENT FOR AGENDA ITEM 13.5

2018-2019 Budget

PRESENTER: Deb Schlag, secretary-treasurer

BACKGROUND:

The *School Act* requires school jurisdictions to submit an approved budget on or before May 31st of each year.

The Budget Report document is twelve pages long and is provided for completion by Alberta Education in a prescribed format. Once the Board approves the budget, the Board Chair, the Superintendent, and the Secretary-Treasurer must sign the cover sheet, prior to submission. The Budgeted Statement of Operations includes estimate of both revenue and expenditures for the upcoming year, a comparison to the most recent Fall Budget Update and the most recent Audited Financial Statements for estimated and actual comparisons. The Budgeted Schedule of Fee Revenue remains as introduced last year, and expanded schedule in accordance with the School Fees and Costs Regulation (AR 101/2017) which assists with operationalizing Bill 1 – An Act to Reduce School Fees. There is no differentiation between school-generated funds and board generated revenue in the schedule. The Schedule of Supplementary Details of Fee Revenue provides added detail to fees. In many cases, the detail is unknown at this time of the year. There is information required for the Accumulated Operating Surplus (AOS), as well as a page for Student Stats and another for Staff Stats.

The 2018-19 district budget is based on:

- Projected enrolment 5,302 FTE students (a projected increase of 28 as compared to 2017-18) is specific to the Basis for Allocations and does not include St. Gabriel High School, the district's outreach, or consider Summer School, PUF children, or Pre-K.
- The budget documents suggests enrolment of 5,997 students (5,516 grades 1-12 and 481 ECS), inclusive of PUF preschool, K-9, and the equivalent high school students when measured based on 35 CEU's per student
- Both projections are correct but they respectively refer to very different parameters.
- Funding rates as distributed by Alberta Education remain the same as in 2016-17

Approximately 80% of all revenue received goes directly to Instruction.

The District expects an increase in certificated staff of 4.3-5.0 FTE and a slight increase of noncertificated staff by two (2) positions, assisted by the continuation of the Classroom Improvement Fund into 2018-19. On average, over 75% of the District's overall expenses go toward personnel costs (salary and benefits), which is consistent with previous years, given that GSACRD contracts out both transportation and custodial services.

The District is projecting a deficit-operating budget for 2018-2019 of (\$385,626). \$275,000 because of opening a new school in September 2018, \$82,705 because of transportation costs, and the remaining \$27,921 as a small shortfall in instruction.

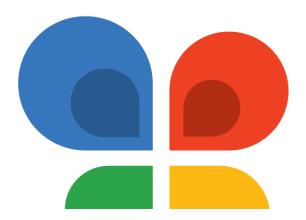

- Instructional spending is projected for 2018-19 at \$9,717 per FTE student (based on 5,829 FTE students).
- Operational spending is projected for 2018-19 at \$12,325 per FTE student (based on 5,829 FTE students).

Based on this budget, the estimated Accumulated Operating Surplus of \$816,994, expected on August 31, 2019, is approximately 1.1% of budgeted expenditures and represents only 2.2 days of coverage on operating expenditures (based on 200 days).

The Fall Update Budget due to Alberta Education by November 30, 2018 will reflect the ACTUAL enrolment at September 30, 2018 and will be an adjustment from the details presented here (all estimated at a point in time). Rates used will be consistent with the Approved Budget adjusted for enrolment and any other details that become known between now and September 30th.

RECOMMENDATION:

THAT the Board of Trustees approve the district 2018-2019 operating budget with estimated revenues of \$71,457,157 and estimated expenditures of \$71,842,783, resulting in an annual operating deficit of (\$385,626).

HIGHLIGHTS, PLANS, ASSUMPTIONS AND RISKS SUMMARY- 2018/2019 BUDGET REPORT

The following were presented to the Board and approved as underlying the budget. These key points and assumptions used in development of the budget take into consideration the economic environment of the jurisdiction, focus on anticipated changes from current year, and are realistic and consistent with the three year Education Plan. At a minimum, they disclose key budget assumptions, financial & business risks, and specific strategies explaining how this budget will support the jurisdiction's plans.

Budget Highlights, Plans & Assumptions:

For 2018-2019, School Jurisdiction Funding Rates remain the same as in 2016-2017.

Approximately 80% of all revenue received goes directly to Instruction. The District expects an increase in certificated staff of 4.3-5.0 FTE and a slight increase of non-certificated staff by 2 positions in recognition of the continuation of the Classroom Improvement Fund into 2018-19.

On average, over 75% of the District's overall expenses go toward personnel costs (salary and benefits), which is consistent with previous years, given that GSACRD contracts out both transportation and custodial services.

The District is projecting a deficit operating budget for 2018-2019 of (\$385,626). \$275,000 is projected as a result of opening a new school in September 2018, \$82,705 is a planned deficit as a result of transportation costs, and the remaining \$27,921 in a small projected shortfall in instruction.

* Instructional spending is projected for 2018-19 at \$9,717 per FTE student (based on 5,829 FTE students).

* Operational spending is projected for 2018-19 at \$12,325 per FTE student (based on 5,829 FTE students).

Based on this budget, the estimated Accumulated Operating Surplus of \$816,994 expected on August 31, 2019 is approximately 1.1% of budgeted expenditures and represents only 2.2 days of budgeted operating expenditures (based on 200 days).

The Classroom Improvement Fund (CIF) is designated at \$736,000 for the District (same as in 2017-18) and has been included in Revenue. All funds will be going to staffing; a mix of 80% to certificated staff and 20% to support staff is the expected distribution, which is still subject to change as the funds were not expected to continue for 2018-19. The funds are welcome and will improve the student experience in the classroom.

Transportation Fee increases for students receiving enhanced services (less than 2.4 km from the designated school) were required as ongoing deficits cannot be sustained over the long term. The District will continue to experience a small deficit in 2018/19 and felt it necessary to increase fees as they have remained constant over the last 3 years.

Additional allocations for all schools included a 0.1 FTE for Chaplaincy which will build capacity of staff to assist the principal in furthering the faith and instructional leadership priorities of the District. Thiss wil ensure that K-12 Religious Education may be part of a student's program plan, to thrive both intellectually and spiritually.

Significant Business and Financial Risks:

The District remains fully committed to French Immersion in St. Albert, Morinville, and Legal and provides additional support to all Dual Track Schools with an increased allocation as laid out in the Principles for the Basis of Allocations to Schools.

The District is committed to the goals outlined in Inspiring Education and is making efforts to transition away from traditional libraries toward a learning commons environment which promotes an inclusive, flexible, learner-centered, physical and/or virtual space for collaborative inquiry, imagination and play to expand and deepen learning for individual students and groups. All high schools are participants in the Flexible Programming Model and all revenue is pooled for grade K-12 distribution through the Basis for Allocations to Schools as approved by the Board of Trustees. Resources are directed to student independence so that they may learn, live fully, and serve others regardless of ability.

While the district reserves are small, they still provide an ability to provide a bridge for one-time initiatives, while still allowing the Board to direct today's funding to today's students.

ANTICIPATED CHANGES IN ACCUMULATED OPERATING SURPLUS (SUPPLEMENTARY DETAIL) for the Year Ending August 31

The following provides further explanation of the anticipated changes to each component of AOS for the 2017/2018, 2018/2019, 2019/2020, and 2020/2021 years as outlined on pages 6 and 7. Please provide information on the acquisition of significant unsupported capital, non-recurring project expenditures, and intended use of funds to August 31, 2020. Note that unrestricted surplus, operating reserves, and/or capital reserves should include the jurisdiction's contingency for unexpected or emergent issues.

Additional detail on uses of Accumulated Operating Surplus:

<u>2017/2018</u>

Provide an explanation of material changes from the fall budget update originally submitted in November, 2017 for annual operating surplus (deficit), capital acquisitions, endowments, and/or other changes affecting unrestricted surplus, operating reserves, and capital reserves.

While the 2017-18 deficit is not expected to reach the planned target of (\$674,454), it is still expected to be in the neighborhood of (\$525,000). This will depend on the timing of goods received for the new school, SIster Alphonse Academy.

2018/2019

Please provide additional detail regarding uses of unrestricted surplus, operating reserves, and capital reserves not described on pages 6 and 7.

Alberta Education Field Services Report

On January 31, 2018, Field Services from Alberta Education provided its annual review of our processes dedicated to meeting the provincial policy and requirements for School Board Planning and Results Reporting. The meeting was also dedicated to reviewing the overall progress of the jurisdiction in meeting provincial goals and outcomes.

Of note in the attached letter from the Ministry is the following information:

From Sandra's and my review, the plan and report submitted by your school authority are aligned with the planning and reporting requirements established by Alberta Education in the Policy and Requirements for School Board Planning and Results Reporting April 2017. (Attached)

Gallup 2018 Great Workplace Award

I am pleased to report that for the second consecutive year, GSACRD has been named as a recipient of the Gallup Great Workplace Award. From more than 900 organizations that use Gallup support services in the area of employee engagement, Gallup annually selects organizations that exceed its benchmark of excellence. This indicator is 14 engaged employees for every disengaged employee (14:1 ratio). Gallup's average engagement index from its client base is 4:1. Last year, GSACRD's engagement ratio was 17:1. and continues to be in the 99th percentile ranking for its overall results, with no school in the bottom quartile. This explains why GSACRD joins 38 other organizations in attaining this prestigious achievement. GSACRD stands out among 250, 000 responses from K – 12 education jurisdictions throughout the world and 12,000,000 responses from its global client base. We are so blessed that our staff have individually demonstrated such strong engagement to the benefit of our students. This is truly a staff award that each one of our employees should be extremely proud to celebrate.
