Faith in Our Students

PASSION * RELATIONSHIPS * COMMITMENT * HOPE * INNOVATION * EXCELLENCE

The Principles for the Basis of Allocations flow from the foundational statements of the District and are grounded in the Catholic understanding of the common good. The three essential components of the common good are subsidiarity, solidarity, and socialization. By subsidiarity, it is understood that decisions are best made by those persons closest to the source where such decisions will be applied. However, while the Principles acknowledge the benefit of site-based management, they also honor the need for solidarity among our schools, assuming that all areas of financial allocation in the District have a shared role in serving the needs of students. Finally, socialization is deemed to be the value that bridges the two previous components together. It assumes that all who work on behalf of students must be active in demonstrating behaviors that support each other with respect to the interdependent nature of everyone working for the needs of all students. Consequently, from time-to-time, adjustments to the student-based and the District's budgets may be required to facilitate prudent fiscal stewardship of the District.
