July 5-16

Monday to Friday
9:00 am to Noon
Sir George Simpson
50 Grosvenor Blvd

\$300

2 weeks | morning class

Focused on reading,
writing and
mathematical
success

St. Albert Summer School is offering an opportunity to supplement the learning from the past year for grades K-8. Opportunities for literacy and numeracy reinforcement will be available through two-week-long, cohorted classes. There will be opportunities for a variety of movement breaks as well.

This summer, we are offering an opportunity for Kindergarten students, especially those who have been learning online, to experience in-person learning for a two-week period to experience an in-person classroom.

Low student ratios offer extra help as well as enrichment with a focus on individualization. Emphasis will be on positive learning and will build skills, knowledge and confidence in literacy and numeracy. Interesting and innovative teaching will revisit concepts that may have been difficult, reinforce learning, and prepare for future grades. All classes are taught by certified teachers.
