Our schools and staff are working hard to get rapid test kits and masks out to every family within our division. Thank you for your hard work in distributing these important tools! Our division has also purchased N95 masks for staff who work in schools as an added layer of protection within our classrooms, working hard support staff health and safety and keep students safely learning in person.

In December, Greater St. Albert Catholic Schools supported various fundraisers to raise money for the St. Jean Baptiste Parish rebuild. As a division, our schools raised \$17,000 for the parish thanks to our students, staff, families, and community! We also want to recognize all of the charity work done over the holidays to support many local organizations throughout the year. Your many acts of kindness for our community do not go unnoticed.

The Nature Kindergarten Extension Pilot was positively received by families during the Virtual Pre-Kindergarten and Kindergarten expo. Many of the questions received during the Q&A portion of the expo were regarding the Nature Kindergarten program. Families are very excited about the new programming option within three of our schools.
