

STAFF REDUCTION – CERTIFICATED

Background

The District may reduce the number of professional staff if it believes that such reductions are necessary to ensure effective and efficient functioning of the District.

Guidelines

 - 1.2 Financial support for education.
 - 1.3 New and/or revised curricula.
 - 1.4 Changes in the functions of existing physical facilities.
 - 1.5 Other factors considered relevant by the District.
2. If normal attrition is not sufficient to accommodate the required staff reductions, the teacher(s) or administrator(s) to be released from employment will be determined by any or all of the following criteria:
 - 2.1 The staffing requirements of all schools in the District in relation to educational priorities and program needs.
 - 2.2 The relative assessed competence of teachers and administrators by their supervisors.
 - 2.3 The professional preparation of teachers and administrators in relation to District and student needs.
 - 2.4 The length of service in the District.
3. Consideration shall be given to re-assigning staff to other positions for which they are qualified.
4. The teacher(s) or administrator(s) to be released shall be given a minimum of thirty (30) days notice of termination by the Board in accordance with the School Act.

Procedures

1. When the Superintendent is reasonably certain that a reduction in the number of teachers employed by the District will be necessary and that this reduction will not be accommodated by attrition, the instructional and administrative staff of the District shall be informed individually by letter.

3. The Superintendent will review the recommendations with the Principal(s):
 - 3.1 The basis for professional staff reduction.
