Commentary:

*With regards to the “All Subject Report” and the “Core Subject Report”, the district has met the Class Size Guidelines of the district in grades 4-6 and 7-9. The district is less than one percentage point of the Alberta Education Guidelines for 4-6 and for grades 7-9. Although the district does not set a Guideline for 10-12 Class Size averages, the district is well below the Alberta Education Guidelines for high school Class Size Average.*

*The district is approaching the district K – 3 Guidelines and is not meeting the Alberta Education Guidelines for K – 3. The district will continue to work to meet the Alberta Education Guidelines noting that there are infrastructure challenges in meeting these guidelines in some schools. In particular, in order to meet the K-3 guideline of an average of 17 students to 1 teacher, more classroom space is required which is not readily available in all schools.*

*The district continues to ensure that class-sizes are appropriate within the context of each school are effective in helping students meet the provincial learning outcomes.*
